

CROSSING THE ATLANTIC: MANAGING IMPACTS OF COVID-19 AND ITS INFLUENCE ON THE INTERNATIONAL BUSINESS AND LEGAL LANDSCAPE

A USLAW VIDEO RESOURCE

As we look ahead to 2021 and beyond, what impact will the COVID-19 pandemic have on life, health, and business throughout Europe? We will take a closer look at the global impact of the pandemic through the eyes and experiences of the Trans European Law Firm Alliance (TELFA) attorneys located throughout the continent.

Tune in as TELFA members share in each brief video clip, their specific in-country views of how their country managed the pandemic from a health and economic perspective and what they foresee for the next 12, 24 and 36 months in terms of economic growth/opportunity and challenges. They will also address how business might possibly change moving forward, emerging opportunities that have arisen out of the pandemic, and what significant legal issues U.S. based companies should be aware of going forward if they do business in the country or are considering opening new operations.
